Dear Mr. Ahn Heewong,

I am Carlloyd Viray, and I am writing to you along with my co-founder, Justine Leung Furugganan. We are both 4th-year BSIT students at Pangasinan State University Urdaneta Campus. We are seeking your permission to approve our proposal to develop an application for your esteemed institution titled "Lodge Booking Scheduler," which is intended for use by Upper Management/Admins and Unit Managers/Staff at Outlook Drive Baguio as part of our contractual agreement. We are excited about the opportunity to collaborate on this project as co-founders of TechWave. The primary focus of the system will be on streamlining booking processes and facilitating checks by assigned Unit Managers.

Please rest assured that any data collected will be used exclusively for the development of the system and will be treated with the utmost confidentiality. Once the project is completed, we commit to delivering the results and extending an invitation to you for participation in the evaluation process of the output.

By accepting this contract, we agree to abide by the terms and conditions outlined within it. If you have any further questions or require additional information, please feel free to contact me through my Facebook account, Carlloyd Viray, or via email at viraycarlloyd@gmail.com.

We eagerly await your positive response to this humble request. Thank you for entrusting us with this project. We are enthusiastic about commencing work and delivering a system that not only meets but also surpasses your expectations.
